

**pH Neutral**

Surface is not damaged due to the acidic etching or caustic corrosion.

#### **SPECIAL EMULSIFIERS**

Releases dirt and oils from pores and natural fissures, without caustic astringents which can dull the surface.

#### **NATURAL COLOR ENHANCERS**

Brings the natural pigments of stone to life and augments the beauty of the veining.

#### **SINGLE-STEP CHEMISTRY**

Single-step chemistry for cleaning and finishing of natural stone. When dry, can be buffed for enhanced luster.

#### **PROTECTION PROPERTIES**

Reduces abrasion and corrosion without the use of sealers. With each application in normal maintenance, your stone surface is protected from heel marking, acids, salts and traffic abrasion.

#### **SLIP-INHIBITING**

All polished stone can be slip sensitive and even more so with the addition of wax and sealers.

# STARCLEAN

**Available in Quart, Gallon, Pail and Drum Containers**

#### **DESCRIPTION**

Neutral pH emulsifying cleaner designed for use on natural stone.

#### **USES**

Starclean can be used on any surface such as marble, granite, limestone, terrazzo, porcelain and ceramic tile, vinyl, etc. as a restorer, daily maintenance solution or grout film remover.

#### **DIRECTIONS**

Mix 2 oz. Starcleaner 1 gallon of water for polished and non-absorbent flooring. For honed, flame-cut, tumbled and absorbent flooring, reduce mix to 1 oz. per 1 gallon of water. For spray buffing applications or extremely soiled surfaces, mix 4 oz. per 1 gallon of water. Grout film removal mixture is dependent on grout type and degree of film. Test at 2 to 3 oz. per 1 gallon of water for best mixture, using white polishing pad to break mechanical bond. For extremely dirty surfaces, flood mop allowing solution time to work. Mop or vacuum up dirt laden solution. Under normal conditions, do not rinse. The floor can be buffed when dry to enhance luster. Starclean also helps increase slip resistance.

**WARNING:** May cause eye irritation. If contact occurs, flush with water. If irritation persists seek medical attention.

**KEEP OUT OF REACH OF CHILDREN.**

#### **Quantities Available**

Case (12) 1 qt. Containers  
Case (2) 1 gal. Containers  
Case (4) 1 gal. Containers  
5 gal. Pail  
55 gal. Drum
